

- Stage Four: GT6-0 XtreaMn Alkalizing Filter- replace every 12 months depending on pH reading \$35.00 (approx) This is the ultimate in pH adjustment, it's the only alkalizer cartridge in the world that can raise and retain a constant 8.5 pH over 12 months. This cartridge needs to be pre-flushed to clear any fine particles.
- Stage 5: Life Energy Creamic (Far Infrared Treatment) replace every 2 years- \$39.95 (approx) In keeping with Ultra-Violet Light, this filter has the ability to assist in the sanitizing of the water with Infrared emitting frequency balls through glass tubes. This filter will prevent bacteria and algae slime from prematurely blocking the filters. FIR is able to activate, revitalize, reactivate, develop and strengthen various organs in our bodies when it is absorbed. FIR also acts to prevent bacteria growth, relieve pain and speed the recovery process.
- Stage Six: GT6-11 XtreaMn carbon - replace every 12 months \$32.00 (approx) Extremely high grade coconut carbon cartridge for maximum extraction of taste or odour issues. Its uses are endless, particularly where taste and odour are a problem in drinking water.
- Stage Seven: Magnetic Water Energizer (Never needs replacing) Magnetic energy is widely used in water treatment. We have developed and supplied a technology called negative defusing technology, meaning that when put in reverse it activates negative energy into drinking water. So many customers have benefited from this technology, reducing the symptoms of kidney stone and calcification of the arteries
- Warning- Disclaimer: This Information should be read prior to purchasing this system. Returns will NOT be accepted for reasons of adverse reactions. It should be noted that although rare and unlikely, some people may have an adverse reaction when switching directly to high alkaline water. Symptoms may vary from feeling light headed, dizzy spells, and even muscular discomfort. If you have a current illness we suggest you consult your medical professional and seek medical advice before consuming high alkaline water. We also advise for the first couple of days to blend the alkaline water with your standard pH tap water until your body adjusts to full strength alkaline water, exceeding 8.5 pH.
