

**YOUR SOIL IS ALIVE.....JUST LIKE YOU.**

**BACTIVATE, YOGHURT FOR YOUR SOIL.**

Your soil is a living entity teemed with bacteria, fungi's and protozoa.

Tired, overworked and naturally damaged soil can be conditioned back into a healthy condition by using a scientifically proven approach with totally natural products.

**GROW HEALTHIER VEGETABLE AND FRUIT.....NATURALLY.**

**LIQUID CARBON** – Fulvic and Humic Acids– Electrolysis stripped back to nature's purest form through advanced technology.

- Reduces hardpan.
- Opens natural capillary systems already in your soil structure.
- Unlocks nutrients and minerals.
- Increases worm and arthropod activity.

**BACTIVATE** – Five of nature's most naturally aggressive bacteria working synergistically to protect your plant.

- Protects the plants root system from negative pathogens.
- Increases nutrient uptake.
- Reduces your fertiliser use.
- Stimulates fungi's and protozoa who in turn convert your fertiliser for your plant to uptake.

**DON'T PLANT WITHOUT IT!**
